German Gas  
Struts & Motors

**Elite 7-Section (Motorised)**

The most versatile table in the Elite range, this 7-section is the complete table offering all features available in modern table design.

**Features:**

- Lift up and tilt down head section
- Lift up backrest
- Lift up centre section (electric) (postural drainage)
- Unique massage chair headrest design
- Movable arm rests & drop down shoulders

The drop down shoulders allow the therapist to position themselves closer to their client and conduct their treatment without excessive leaning and straining of their own back etc. All lift up sections are controlled by quality gas struts allowing for easy and accurate movement through the full range. This table also comes with an "Elevating Surround Bar", as shown in the above picture. Standard with breathe hole and plug.
