

*The wings and footrest come standard in Australia.

German Gas
Struts & Motors

'S' Series Massage Table

The Massage Table has a specially designed head piece that adjusts to suit the face of each patient. The head piece also tilts and the arm rests are located underneath and forward of the head cushion for patient comfort. The table facilitates excellent access to the patients thoracic, and lower spinal regions.

Features:

- The head rest has gas struts to help facilitate movement
- The wings provide a wider surface area beside the head rest for added comfort
- The footrest gives an extra 20cm/7.8" when added, which is ideal for taller patients
